

Discuss Waterworks Ordinance, and Federal Projects

At the regular meeting of the Council held on Monday night, August 5, the new waterworks ordinance was discussed with a view to passage of the ordinance later in the month. The Council apparently feels that it is necessary to have the new system set up on a business-like basis, and the ordinance, which is really the by-laws of the municipal utility, sets forth in detail the rules of operation, including application for service, installation and maintenance of service, use of meters and such other items. The matter of rates will be taken up by resolution of the Council sometime later in the month.

There was also some discussion of proposed new P. W. A. or W. P. A. projects. The City Manager reported that Mr. Martin Holland of Clare, the regional director of the Works Progress Administration, had given him assurance that it would be possible to set up projects for the extension of water mains in such a manner that the city would be put to very little cost, if any. Accordingly the Council asked the City Manager to prepare plans for the extension of the mains on Brink and Madsen Streets, on Elm Street from Michigan to Ionia, on Ionia from Elm to Park, and on Park from Smith Street to the old cemetery. If these plans are approved by the Works Progress Administration this construction may be carried on under the program which takes all labor from the relief rolls and the cost of the project which must not exceed \$900.00 per year per man, is paid entirely from Federal funds.

The matter of a sewage disposal plant was also discussed, and it seemed to be the consensus of opinion of the members present that everything should be done to further this project as soon as possible but that any definite action should be deferred until later in the month when a little clearer picture of the city's finances could be had. According to the City Manager this project could best be undertaken under a Public Works Administration program. If done under this program, the project would be carried on in the same manner as the present waterworks project, and the government would pay 45% of the cost, the city paying the remaining 55%.

GET GRAYLING TRIP AND VACATION TOO

Men of the Department of State who attended the annual encampment at Grayling, July 13 to Aug. 9, did so without fear they would be deprived of their regular summer vacations. On orders of Orville E. Atwood, Secretary of State, the military service is not considered as "interfering with the vacations of those who attend the encampment."

Fighting for Posterity

"My ancestors were fighters," said Hi Ho, the sage of Chinatown, "who wished to bestow peace on posterity. I reverence their memories and would rather go on fighting for posterity, as is the custom."

Legion Jottings

The American Legion Drum & Bugle Corps was favored last week by having with them, for five days and nights Frank Hussey of Conn Instrument Co., of Detroit who drilled them in corps formations. He was very much needed and the Corps has improved considerably by his being able to be with us. The Corps extends its thanks to Comrade Alfred Harrison as it was through his courtesy and efforts we had this able instructor with us during this period. Mr. Hussey is one of the best Drum & Bugle Corps instructors in the United States and left here Saturday morning for South Bend, Ind., where he will be with a Drum Corps there.

Last Friday evening the Drum & Bugle Corps held a parade in the business section after the band concert. The procession was headed by the Colors and guards and the drum major Earl Woods in full uniform. Comrade Johnson purchased one uniform to see how they would look. This uniform is the same style as the Corps wanted to purchase for all the members but owing to not having had a large attendance at the Homecoming are unable to make a go of it. The parade was followed by the sections doing their drills as taught by Comrade Hussey. We hope some day we will be able to have this capable instructor with us again.

Monday evening the Corps went to the Bowery in the big bus driven by Comrade Alfred Hanson and while there went through their drills. On returning they had a business meeting and decided to accept the cub bear that Comrade Deckrow has donated to them, also to go to the State Convention at Flint Sunday, August 25th to enter the American Legion parade in that city on that date.

The American Legion wishes to extend thanks to everyone who supported them during the Homecoming and to all who helped in any way, and hope if we made any mistakes they will be overlooked as it was our first Homecoming and it takes experience in anything to be perfect.

All members of Drum & Bugle Corps are requested to be at the Legion hall Thursday evening at 7 o'clock sharp. This means you, Buddy.

Comrade Huddleston and 'Gal' the cub, had a set to last week but "Sailor" won out. However "Sailor" sure had marks to show for the battle. This was not a sham battle either.

"Spike" Harold McNeven has become "Chief" among the boys and "Gal" the cub, sure likes him. If you doubt it, ask him.

The new attorney, Comrade Charles E. Moore has joined our Drum & Bugle Corps as base drummer. We are very pleased to have him in our ranks.

Chinese Gopher Remedy

The ancient Chinese used the to-dine-containing seaweed as a remedy for gopher. This is now medicine's remedy.

Frederic Has Approved Ag. School

After deliberation for some weeks, July 18 completed the attachment of all three school districts of Maple Forest Township to Frederic Township School District. Frederic school will serve the children of these three townships for the coming year, the children from outside of the village of Frederic or close by, will be transported by busses to the school.

Friday, August 2nd, Dorris Stack of the Department of Public Instruction spent the day with the Board of Education and Supt. Lewis, making check on the financial conditions and the staff of teachers for the coming year and the best routes to reach all children, after which he gave full approval establishing Frederic school as an approved State Agricultural School. This approval gives substantial financial aid toward the support of the school and in turn all High school boys will have two years work in shop and agriculture while the girls will have the same time in sewing and cooking and home management.

In this class of schools, the State holds close supervision and all High School teachers must have Degree Life Certificates with special training in the Educational fields in which they teach, while the grade teachers must hold at least Life Certificates.

School will open September 9. The teachers for the year 1935-36 as hired and approved by the Dept. of Public Instruction are as follows:

Supt., Mathematics and History—Sim J. Lewis.
Principal, Vocational and Jr. High—Wm. Beach.
Vocational and Jr. High English—Helen Brooks.
Intermediate—Jane Brewer.
Primary—Gladys Holloway.
When school opens, if the enrollment warrants another teacher in the grades, one will be added.

Boy Scout Doings

Last week the patrols and their leaders were reorganized. Patrol number one is headed by Jack Wright with John Henry Peterson as his assistant. Patrol number two is guided by Bob Welsh, our highest ranking scout, and Walter Skingley.

From now on the patrol system will be used in notifying all scouts of hiking trips and meetings.

Although the rain usually dampens ones thoughts of camping trips, Tuesday night eight scouts, packed up their blankets and grub for a night down the river. One small tent and a canvas shelter made up the housing facilities for the group.

After camp was set up each scout cooked his supper and washed his dishes. Although dry wood was at a premium fires were started in a minimum of time. Beds were made and after sufficient rest the boys took a dip in the river. Following this the campfire was lighted and a few minutes of Japanese tag played to warm everyone up.

Next everyone gathered 'round the fire and tall stories were exchanged. Each boy was required to do his bit and about everything from roasting icebergs to fighting sharks was narrated. Marshmallows were roasted and everyone called it a day and hunted out his blankets.

During the night showers came up but everyone was dry next morning. Breakfast was cooked, dishes washed, blankets rolled, tent packed and camp cleaned up by 7 o'clock as several of the boys had to be in town to work.

All scouts are to keep in touch with their patrol leader or assistant. Another hike is planned for an early date so have your pack made up and ready.

Michigan's Drive To Collect Delinquent Taxes

Payments of delinquent property taxes have already started to roll into the County Treasurer's office in the first week of the State's "big push" to reduce the back tax burden under which state, county and local governments are staggering.

Gov. Fitzgerald started off the campaign with the request that every Michigan taxpayer take part in the effort to put governmental finances back on a sound footing.

"The Legislature has provided the means; the State is doing its utmost to present the facts. The rest is up to the taxpayer," Fitzgerald declared. "He can save his home, and save from 27 to more than 45 per cent in interest and penalties. Most important of all he can get a fresh start in new security freed from the devilish worry over debt and the fear of losing his home."

Three reminders to taxpayers are being stressed in the campaign:

1. All penalties and interest on taxes for 1932 and prior years will be waived provided the original amount of the tax shall be paid on or before Sept. 1, 1935.

2. Taxes for 1932 and prior years can be paid in annual installments over a period of up to ten years, starting September 1, 1935, with only a four per cent interest charge on deferred balances.

3. Regular taxes for 1933 and 1934 may be paid without interest or penalties before November 1, 1935, a four per cent collection charge being added.

The provisions apply to state, county, municipal, village, township and school taxes, as well as most city taxes. Delinquent taxes for all years except 1934 not paid in accordance with these provisions must be offered for sale in May, 1936, by the Auditor General.

The drive is being directed by Auditor-General John J. O'Hara who has arranged to have County Treasurers send him weekly reports on the results of the drive in every county.

Familiar Sights for Old Timers

MEMBERS of the Battle Creek Three-Quarters of a Century club, each of whom is over seventy-five years of age, revived familiar scenes of their youth when they made a pilgrimage to Henry Ford's old-time Greenfield village. Such things as a tin-type shop, hansom cabs and other historic sights carried the old folks back 50 years. These women were delighted to find a replica of the old-time general store, and enjoyed a shopping tour.

Legion Auxiliary Giving Play

LOCAL TALENT TO OFFER "LISTEN TO ME"

For the benefit of their Unit the American Legion Auxiliary will present the sparkling musical comedy, "Listen To Me" in the Temple Theatre on August 15 and 16. The production, with its two hours of comedy, songs, and dances, is expected to prove one of the most entertaining ever offered in town.

"Listen To Me", since its first appearance over eighteen months ago, has won for itself the reputation of being one of the best plays on the amateur stage today. One critic says of it, "The best amateur play that has come to my attention during the past ten years." Another calls it a "highly professional show suited to amateur capabilities." The play deals with the "highly humorous attempts of two young people, Dick Marshall and Alice Richards, to successfully manage a large hotel which has been left to them jointly. Under the terms of an erratic will, made by a man who had never seen either of them, but knew their fathers well, they are to conduct the experiment for a week. If successful, the hotel is theirs; if not, it must be sold to the executor of the estate. When Dick and Alice arrive, each determined to run things his or her own way, the complications begin to arise. Mr. Banks, the manager and principal comedian, undertakes the difficult task of keeping peace between the two owners, and his influence is offset by Mr. Weldon, the executor, who would benefit materially if the experiment failed. Banks, who has been managing the hotel by the simple method of paying nobody and expecting no-one to pay him, does not have a serious moment on the stage. With Elbert Twiss, an absent-minded, befuddled guest, he carries most of the comedy, and when this pair are together, as in the outstanding "telephone scene", the subtle comedy reaches its height.

The cast of principals numbers ten, including Bill and Billie, the bellhop and the maid, Mrs. Sylvester, Miss Stuart, and Mr. Corey, a lawyer. The comedy is enhanced by chorus singing and dancing, among which is the beautiful "Firefly Dance" which closes the first act. The cast will be selected locally, and the production will be rehearsed and staged under the direction of Edna L. Horton, of Boston.

GOLF NEWS

The bridge tournament for the Ladies Auxiliary was started Wednesday afternoon with four tables in play. Three tables of Contract and one of Auction.

The golf game was postponed on account of rain until Thursday morning.

Next week the tournaments will be held on Tuesday and on Wednesday the club will entertain the West Branch ladies.

Grayling golfers went down to defeat Sunday at Gaylord when the latter won 23½ points while the locals garnered 22½. It was a beautiful day to play except for a high wind which bothered all the players at times.

GRANGE PICNIC

The annual Grange picnic will be held at the State park at Otsego Lake on Saturday, Aug. 17th, when Crawford county Grange, the Grange of Roscommon and five Granges of Gaylord will have a joint picnic. Everybody is invited to come and bring their lunch basket, and coffee will be furnished by the Granges free.

There is to be a speaker for the day and a program of sports with a tug-of-war between the Grange men folks, a fat ladies race, a girls race and a sack race for boys, they to furnish their own sack.

THURSDAY, AUGUST 8, 1935

A TIRE blowout, especially on a front wheel of a car that is going fast, is a dangerous thing to happen. There is danger of swerving off the highway and possibly run down an embankment or hit an obstruction or it may swerve into an approaching auto. This could happen in the slightest instant of time.

However it doesn't seem to us that cars travelling at only about 45 miles an hour under proper handling need suffer such a smashup as occurred last week north of the city. For any driver to sit with an elbow out of the window and steer the car with one hand is anything but smart. We believe it was Arthur Brisbane who said that "there are only two men in the world who can drive a car with one hand with safety and they are Eddie Rickenbacker and Ralph DePalma and neither of these men would do it."

Some good drivers say that if the steering wheel were a clock, the left hand should be at about the position of ten o'clock and the right hand at four o'clock, and keep them there for ALL driving speeds.

It is not our idea to infer that either of the cars in last week's accident may have been driven with one hand—we have no information about it, and we have every sympathy for those who have suffered from it. Could this accident have been avoided had the driver of the car that caused the accident had both hands firmly gripping the steering wheel when the tire burst?

PLANT TREES; NOT SIGNS

We, who live in Grayling all of the time get used to things. Take the growing number of signs on the main highways just out of town. Five years ago, there were only a few of them. Gradually, one after another has been added. Today, the stranger is greeted with a lot of haphazard, disarranged signs that mean nothing to him at all. Yet Graylingites take them as a matter of course.

If we are going to keep the entrances to our city beautiful and attractive, and they must be if we are to make a good impression on our tourist-visitors, we cannot let this sign epidemic spread. As time goes on, they will become rusty and tattered. New ones will be added, and the

final result will be that instead of highways bordered with beautiful trees, we shall be no better off than the big cities of Southern Michigan.

It should be possible for Grayling to clean up the approaches on the highways. Perhaps we are shooting at a high score, but what could be finer than to get the reputation of a "city without billboards." The sign epidemic has not yet become bad. We can still stop it. The way to do it is to hew straight to the beauty program. That means: plant trees, not signs.

RUSSELL-GRANGER

Miss Isa Granger, daughter of Mrs. Celia Granger, became the bride of Mr. Harley Russell, son of Mr. and Mrs. G. E. Russell of Jackson, at a very pretty wedding, solemnized at 4 o'clock Saturday afternoon, at Michelson Memorial church. Rev. Edgar Florey officiated and the bride's brother and sister-in-law, Mr. and Mrs. George Granger were the attendants.

The bride was lovely in a flowered blue chiffon gown made with long full sleeves and a graceful, high neck. Her bridesmaid wore an attractive gown of yellow and brown chiffon. Both dresses were floor length.

The bridal party and family enjoyed a wedding supper with the bride's mother presiding as hostess, after which the young couple left on a honeymoon trip to Mackinaw City, St. Ignace and the Soo.

The bride has lived in Grayling most of her life and has a host of friends, and the groom, who operates "Tiny's Beauty Shoppe," has already established himself both socially and in business, although he has been here for only a short time.

Mr. and Mrs. Russell will be at home to their friends at their apartment over the Grayling Hardware. They have the best of wishes for a happy wedded life.

THOMPSON-PETHERS

Friends of Dick Thompson will be pleased to learn of his marriage. Sunday afternoon, to Miss Annabelle Pethers, daughter of Mr. and Mrs. George Pethers of Johannesburg.

The marriage was solemnized at the M. E. parsonage with Rev. Edgar Florey officiating and they were attended by Mr. and Mrs. Walter Korhonen. The bride wore an attractive gown of pale blue crepe and a similar gown was worn by her attendant.

Following the ceremony the bride and groom enjoyed a wedding dinner at the home of the latter's sister, Mrs. Carl Tahvon.

The groom is a son of Thomas Thompson of Lewiston and is employed for Kerry & Hanson, and the bride has made her home here in town for some time. Mr. and Mrs. Thompson will be at home to their friends at their home on Madison Street, which was formerly occupied by the Chester Brandt family. Congratulations and best wishes are extended for a long and happily wedded life.

MORGAN-KOCHANOWSKI

Of interest to her many friends will be the marriage of Mrs. Hazel Kochanowski, daughter of Mr. and Mrs. Chas. Waldron, to Glendon F. Morgan, son of the late Mr. and Mrs. Chas. Morgan of Ann Arbor, on Saturday, Aug. 3rd.

The ceremony was performed at the home of the bride's cousin, Mrs. LeRoy Scott, at Roscommon with Rev. Hunter officiating. Mr. and Mrs. LeRoy Scott were the attending couple.

Mr. and Mrs. Morgan will make their home at the former's farm at South Branch. Their friends extend congratulations and best wishes.

ATTEND 4-H CAMP AT GAYLORD

Among the Crawford County 4-H club boys and girls, who attended the annual camp, at Camp Gay-Gug-Lun, Gaylord last week were members of the clubs known as the Willing Workers and AuSable Handicraft clubs. Of the clubs here Mrs. Arthur Wakeley is leader of the clothing project and Mrs. Harold Skingley of the canning. Zina, Yevette and Ted Stephan and Virginia, Evelyn, Robert and Walter Skingley attended the camp. Zina Stephan and Virginia Skingley represented Crawford County in the style review.

This was the tenth annual camp and this year had the largest enrollment in its history of 400 boys and girls. Twenty-six counties were represented.

YOU DON'T HAVE TO "BREAK IN" THE FORD V-8

You can drive it 50 miles an hour the day you buy it

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip—to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

FORD V-8

Mrs. Adam Bielski had as her guests last week, Mr. and Mrs. Tony Dolant of Detroit.

T. SanCartier was taken to Mercy Hospital Saturday evening very ill and Sunday underwent an appendix operation.

Mrs. Blanche Daley and sons, William and John, of Detroit, were guests over the week end of Mr. and Mrs. Rolie Howell.

Guests, Sunday, of Mr. and Mrs. Earl Broadbent, were Mr. and Mrs. George Angus and daughter Irene, of Gaylord.

Guests Sunday of Effie Hunter were Mr. and Mrs. Ross Lamphier of Lansing, who are on a vacation trip through Northern Michigan.

Mr. and Mrs. William Brown, daughter Violet and son Dan, left Saturday on a vacation trip to Kentucky. They plan to be gone for at least two weeks.

Guests over the week end of Mrs. Alice LaMotte, were her sister, Mrs. Archie McIntyre and husband, and Mr. and Mrs. William Bennett, of Detroit.

Mr. and Mrs. William Proul of Detroit, arrived Saturday to spend a week visiting at the home of the former's sister, Mrs. Sidney Robarge and family.

Sam Cesaro of Detroit and Bill Poma of Highland Park returned to their homes last Saturday, after spending the week visiting at the home of George Bielski.

A number of Grayling fellows are working this week on the section near Mackinaw City under Earl Broadbent. They are, Calvin McEvers, John Schofield, Frank Williams and Jimmy Reynolds.

Mr. and Mrs. DeVere Wolcott and children, accompanied the former's father, Roy Wolcott, to Traverse City Sunday, where they were joined by Mrs. Wolcott's father, George Sheldon and wife, of Bradley, and Mr. and Mrs. Veri Sheldon of Osego.

Mr. and Mrs. William Hunter entertained over the week end, the latter's niece, Mrs. William Natzke and husband of Detroit, who left Sunday for a vacation trip across the Straits. They were accompanied by Mrs. Hunter's brother, William Hennessy, who is remaining for the week.

Walter Buck, Russel Peterson, and Tod Houghton left Saturday on a two-day fishing trip down the Manistee river. As far as fishing is concerned, they had fairly good luck but they got caught in the "downpour" Saturday night which found them more or less unprepared.

Peter Bogus of Detroit is spending several weeks visiting at the home of George Bielski.

Bobby Weaver, son of Mr. and Mrs. Clarence Weaver of Gaylord, just recently returned from spending a year visiting in Georgia. He is now visiting his grandmother, Mrs. Fred Tatro.

Saturday evening, about twenty friends of Mrs. Joseph Bielski surprised her at her home to help her celebrate her birthday anniversary. After a very enjoyable evening, lunch was served and Mrs. Bielski was presented with many lovely gifts.

Elaine Broadbent unfortunately lost most of her wardrobe in a fire which destroyed the home of her uncle, George Huey, at Roscommon. The fire is believed to have been started from a gasoline stove, and since the young lady has been spending the summer visiting the Hueys' her clothing was destroyed too. At the time of the fire, however, she was visiting at her home here in town.

Mr. and Mrs. Frank LaVack enjoyed a visit for several days last week from Mr. and Mrs. William Winegar of Wilder, Idaho. Mr. and Mrs. Winegar were very old friends of the LaVacks and both families lived at Rose City years ago. It has been eighteen years since they have been in Michigan, and they plan to leave for Los Angeles, the first of September, where they will make their home.

MID-SUMMER FESTIVAL AT TAWAS

Michigan summer festival interests will focus on this city August 10-17 when the third annual Tawas Bay Regatta comes into existence for an eight day stand.

Hoping to attract other than boat-manned patrons, the committee in charge of this year's event has planned a long and elaborate program involving entertainment that is expected to hold the attention of all types and classes of summer visitors.

In the past the event has been almost entirely made up of sailboat races. This year, in addition to adding a long list of outboard events in three classes, entertainment has been planned so as to tie a summer festival in with the aqua program. For that reason the fete will run for eight days, beginning next Saturday and culminating Sunday, August 18.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, August 1, 1912

Record breaking attendance was had during the ball games, here last Saturday and Sunday, played by the Graylings and Henry Stephens Otsego.

In the game Saturday Grayling blanked the visitors for nine straight innings. Johnson pitched a splendid game and received winning support throughout. Bliss and Knapp were the battery for Otsego until the second inning when they walked two men in succession with only one man out. This was too much for Tom and his team manager so they put in Busch and Konan.

The game was interesting with sensational star playing. "Dago" Laurant saved the game with grand work at short, taking four chances and making them all count.

It was a revelation to see the work of Meistrup in left field. He had six chances and pulled them all down.

Following is the lineup:

Grayling	Otsego
Hodge	Busch
Johnson	Bliss
Woodburn	Rotzel
Laurant	Benders
Green	Grey
Meistrup	Knapp
Bibbins	McDonald
Letzkus	

Saturday's score was 2 and 0. Sunday's score was 6 and 5. About 250 people came in on a special train Sunday from Gaylord, Waters and Frederic to witness the game.

Miss Mary Cassidy is visiting relatives in Cheboygan this week.

Mrs. Louis Kessler of Cheboygan visited her brother, Thos. Cassidy a few days last week.

Mrs. John Evarts has been ill for some time but is slowly improving. She was able to be down town Monday for the first time in four months.

Mr. and Mrs. Lemke of Green Bay, Wis., and Miss Anna Laging of Milwaukee are visiting at the H. R. Nelson home, also spending a week at Portage Lake.

Mr. and Mrs. Joseph Charron of Maple Forest were in Grayling Tuesday attending court.

F. H. Milks has a fine new delivery wagon.

Mrs. N. C. Reagan and family have moved to Bay City.

W. Jensen has added two more men to his crew of workmen.

Miss Lottie Sias has gone to Midland, to spend a few weeks with her mother.

Chas. Abbott returned Friday from a short vacation, spent at his old home in Newberry.

Mr. and Mrs. Peter McNeven left last week for Petoskey, to visit Mrs. McNeven's parents.

Miss Josephine Schumann, of Hastings, is the guest of her brother O. P. Schumann and family.

Clayton A. Whitney, Jr., was born July 19th at Mercy Hos-

pital. It is needless to say that the professor and Mrs. Whitney are happy over this, their first born baby.

Mr. and Mrs. R. Brink and daughter Alice, and Miss Francis Smith returned Friday from a very pleasant trip.

It seemed good to see "Tom" Stephens among the Grayling rooters at last Sunday's ball game. Mr. Stephens is one of the best baseball fans in Michigan, as well as a good business man. He is a most welcome visitor in Grayling at any time. Come often.

Last Wednesday evening, at the home of Miss Anna Fisher, the H. & H. W. girls of the Presbyterian S. S. held their last meeting for the summer.

Fred Narrin and family spent last week visiting relatives near Holly.

A baby girl was born to Mr. and Mrs. Mike Brenner yesterday morning.

About thirty members of our Masonic fraternity went to West Branch Tuesday and crossed bats with the Masons of that city. Woodburn pitched for Grayling but had to be "pulled" and Alfred Olson finished the game. He put over all kinds of "stuff", especially high balls that they couldn't reach. There was plenty of work on the trestle board for Grayling and they entertained West Branch to the queen's taste. The ball flew out into the field like shots from a gattling gun. But when Grayling came to bat, try their darnest, they couldn't obtain a passage. We were "licked" 15 to 1.

Nemesius Nielsen, of Beaver Creek has painted a life size portrait of Dr. O. Palmer and it has fittingly been hung in the court room at the court house.

Mrs. Scott Loader and children left this morning for Greenville and other cities in southern Michigan to spend about three weeks vacation.

The home of Mr. and Mrs. Hans Petersen was the scene of a very pretty wedding last evening when their daughter Nora was united in marriage to Mr. Clarence Claggett of Johannesburg. At 8 o'clock, to the strains of Mendelssohn's Wedding march played by Miss Ruby Claggett, the bride and groom, with the bridesmaid and bestman, Miss Clara Petersen and Mr. Earl Dawson, with Elsie Claggett as ring bearer, stepped beneath a beautiful bower of pink and white sweet peas and asparagus green and became man and wife, Rev. Fleming officiating.

THE NUTRITIOUS BANANA

GOVERNMENT experts tell us that the banana is one of the most nutritious of our fruits, and is one of the most easily digested. Pound for pound it is more nutritious than potato and it constitutes the chief carbohydrate food of millions of people in the tropics, where it takes the place of cereals and tubers, such as potatoes.

The banana has still another quality which highly recommends it. The thick skin which covers the fruit protects it against all contamination and makes it a most sanitary fruit.

The ripe banana is easily digested. It is important that all fruit should be well ripened before eating. The skin of the fruit should be a deep yellow with flecks of brown covering it. A firm fruit in a dark brown skin is thoroughly ripe.

Banana With Beefsteak.

Slice into halves under-ripe bananas and lay in a granite dish with butter, lemon juice and sugar, with a sprinkling of salt. Bake until the bananas are soft, then serve as a garnish to the steak platter, serving a juicy portersauce.

Banana Fluff.

Take a cupful of sliced ripe banana, add a little lemon juice and half cupful of sugar, add an unbeaten egg white and whip until firm. Serve in sherbet glasses with a little lemon syrup poured over it and top with whipped cream.

Banana Fritter.

As an entree a banana fritter is especially appetizing. It may be served with various meats or as a dessert. Cut the banana into thirds or smaller. If desired, dip them into the fritter batter and fry in deep fat. Serve hot or cold with a lemon sauce, using the juice and rind of lemon with a bit of cornstarch for thickening and sugar to cook a rather light syrup.

TELLS HOW BANKS AIDED PROGRESS

Economist Describes the Ways Local Institutions Have Contributed to Business Growth

OMAHA, Neb.—Privately owned banking, despite its faults, has served America well, William A. Irwin, Professor of Economics, Washburn College, Topeka, Kansas, declared in a recent address here on "Banking in a Changing World."

"Under the leadership of individuals banking has helped to place this country to a foremost place in economic development among the nations of the world," he said. "The small community has been developed by the individual bank. The frontiers of America have been pushed forward by the help and counsel of the individual banker. The shocks of wars and depressions in a century and a half have been withstood with the assistance of the individual banker."

"It may be that we have reached a tide in the affairs of America when new methods are needed. It may be that we have come to a point where the individual should be submerged for the greatest good of the greatest number."

If Change Is Necessary

"It may even be that complete centralization of the banking system has become an economic necessity in our complicated social life. But the banker ought to be satisfied that these things are so before he should give up his fight for the system we have known. We came to greatness under that kind of banking; we should not give it up without unmistakable proof of the absolute necessity of such a change."

Professor Irwin said that the proposal which has been advanced for co-ordinating banking operations in the national interest under a "Supreme Court" for banking is typically American and ought to have the most serious consideration of those elements which are clamoring for political control, which is typically un-American. "It is not wise, he said, to oppose change as such, but that bankers should 'see to it that change, if and when it does come, shall preserve all that is good in the past and stick as closely as possible to the American pattern of things.'"

Banking is properly a conservative profession, he pointed out, and should cling to practices and principles of banking that are, and always have been, fundamentally sound.

"It is to its credit that so large a group of its members never faltered, even in boom times, in their allegiance to those sound principles," he declared. "We probably owe our salvation from chaos to that fact."

BANKS AND COLLEGE LAUNCH NEW SCHOOL

Aims to Offer Studies in Advanced Banking Subjects to Bank Executives

NEW BRUNSWICK, N. J.—The Graduate School of Banking, an unprecedented educational project, operated under the joint auspices of the American Institute of Banking Section of the American Bankers Association and Rutgers University, with 220 enrolled students from 35 states and the District of Columbia, inaugurated here in June its first resident session.

The states represented and the number of registrants from each are as follows: Alabama, 2; Arkansas, 2; California, 2; Connecticut, 9; Delaware, 3; District of Columbia, 6; Florida, 2; Georgia, 3; Idaho, 1; Illinois, 8; Indiana, 2; Iowa, 1; Kansas, 1; Kentucky, 2; Louisiana, 3; Maryland, 1; Massachusetts, 9; Michigan, 5; Minnesota, 1; Missouri, 5; Nebraska, 1; New Jersey, 31; New York, 50; North Carolina, 8; North Dakota, 1; Ohio, 7; Oklahoma, 1; Oregon, 2; Pennsylvania, 32; Rhode Island, 1; Texas, 6; Virginia, 6; Washington, 1; West Virginia, 1; Wisconsin, 4; Wyoming, 1.

The annual resident sessions of the graduate school will be supplemented between periods by continued extension work for the students at their homes. The purpose of the school is described as being to offer in a three year course a comprehensive approach to an advanced study of the various administrative problems in banking and trust institutions. The teaching procedure is a combination of the case system and the lecture discussion method.

The Curriculum
The curriculum embraces banking administrative problems and policies, bank investment problems, legal and managerial aspects of trust business, legal phases of bank administration and economic problems in the field of money and credit. The public relations and responsibilities of banks and methods for meeting these obligations are emphasized in the courses.

It is planned to set up similar schools in co-operation with other universities in various parts of the country. The school will add 200 registrants each year for two years until 600 are enrolled.

Ears are a great aid to a smart coiffure. If they are small and shell-like, expose them in their entirety, brushing your hair back from your face. If they are less than perfect, show at least half, with the hair allowing the lobes to show. But remember, consider ears seriously in arranging your evening coiffure.

Properly Stowed Bags Add to Comfort

Comfort, pleasure, and safety on a tour depend largely on efficient loading of the luggage, and modern body designs have done much to ease the problem, as these views of Chevrolet models reveal. In the upper left view, the suitcases have been fitted snugly, the adjustable front seat having been moved forward to allow extra leeway, and the driver is now pushing back the seat to clamp the bags in place for the day. Upper right, the tourist is utilizing the baggage space back of the rear seat. The two lower pictures show the loading of a coupe compartment and a sedan trunk.

Long Reign of Peace Commemorated

ONE hundred and eighteen years of friendly relationship between two nations was commemorated as this tablet, commemorating the signing of the Rush-Bagot agreement between the United States and Canada, was unveiled in Washington. The tablet is located on the spot where the British legation, at which the famous international agreement was signed, formerly stood. The treaty gets its name from Sir Charles Bagot, then minister from Canada, and Richard Rush, at that time acting secretary of state, who signed the treaty in 1817. This memorial was prepared by the International Kiwanis of America. Miss Margaret Maxwell, representing Columbia, and Miss Nancy Jones, representing Canada, unveiled it. In the rear are: Hume Wong, counselor of the Canadian legation; William Phillips, undersecretary of state for the United States; and Dr. William J. Carrington of Atlantic City, New Jersey, president of Kiwanis International.

THROUGH A Woman's Eyes

By JEAN NEWTON

ON DRIVING OUT DEVILS

A WOMAN was telling a child a story of a little boy who became a happy child by driving out of his nature all the little devils who made trouble for him. What those little devils were, and the object of the mother who told the story, will not require a great deal of speculation on our part. We see right over it, as it were.

And yet it came to me as I listened to the story that allegory is sometimes so near to truth that we may question in many cases whether it is not indeed truth—and not a preposterous invention suitable only for the ears of children.

As I look about me I see people harassed and unhappy; but very rarely because of malicious fate or unfortunate accident blighting their lives. Usually they are harassed and unhappy because of forces within themselves which are inimical to peace and happiness.

I see women who have been more than fairly dealt with by Providence leading lives of constant friction because of the working in themselves of such qualities as jealousy, greed and suspicion. I believe it would be safe to say that for every woman who is unhappy because of some influence or event in her life that was beyond her control, hundreds are unhappy because of "little devils" in themselves—which a real effort on their part might exorcise.

The woman who is discontented as long as any woman of her acquaintance has something that she cannot have, is certainly inhabited by an "evil spirit" that is bound to make her miserable her whole life long. The woman who cannot be happy unless she is the center of attention and admiration has a very important "devil" to deal with. The woman who lacks faith in other humans and is constantly assailed by suspicion of their motives, has a great deal in common with the poor bewitched creature of the fairy tale.

Verily, in these enlightened days every modern adult might profit by a devil hunt within themselves!

So few of us seem to realize that cream rouge must never, never be put on a dry face. Some kind of foundation cream—or liquid—should always be used first, and never allowed to dry completely before the cream rouge is patted on and smoothed carefully across the cheeks. It's twice as effective when put on correctly.

Statesmen in Geneva Struggle to Prevent Italo-Ethiopian War—Progress of the New Deal Measures in Congress.

By EDWARD W. PICKARD

© Western Newspaper Union

CAPT. ANTHONY EDEN, British minister for League of Nations affairs, was exceedingly busy in Geneva trying to find a way to avert the war between Italy and Ethiopia. He was aided and abetted by Premier Laval of France and together they evolved a plan for procedure by the league council which appeared promising, until it was communicated to Premier Mussolini. Then Baron Aloisi, Italian delegate, announced the Eden-Laval formula was "entirely unacceptable." However, hope was not abandoned for there was a chance that modifications could be made that would satisfy the demands of the Italians.

Anthony Eden

Italy was expected to protest against time limits fixed in the draft of the projected peace formula.

Another time limit was set for September 1, by which time the arbitrators on the Italo-Ethiopian conflict commission, who would resume their work, would be required to report to the league council.

In any event the council would be scheduled to meet September 4.

One important concession was made to Italy in the formula. It was agreed that the ownership of Uluat, scene of the frontier conflict involved, should not be discussed. The Ethiopian contention has been that responsibility for the border clash could not be established without the ownership of the locality being first determined. Emperor Haile Selassie met his chiefs in council at Addis Ababa and they told him it might be now too late to prevent war, for their tens of thousands of fighters were eager for hostilities to begin and could hardly be restrained. The emperor, however, sought to hold the chiefs back. At the same time he issued another defiant note informing the world that Ethiopia never would accept an Italian or other mandate, adding: "No amount of prosperity under foreign domination would compensate for the loss of independence."

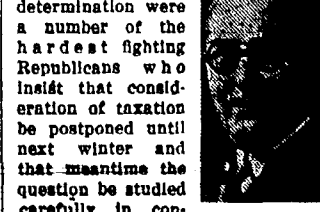

Mussolini seized control of Italy's metal and fuel imports for use in the expected war, and several thousand more soldiers and workmen sailed for Africa.

LED by George Huddleston of Alabama, the members of the house who opposed the "death sentence" in the utilities bill scored another victory over the supporters of that plan of the New Dealers.

Sam Rayburn's motion that the house agree to the senate action on the bill was defeated, 210 to 155. Rayburn argued, pleaded and threatened, but to no avail. He warned the representatives that those who voted against his motion would be incurring the wrath of the administration, and at the last moment had read testimony before the senate lobbying committee to the effect that a New Jersey man had suggested the utilities companies start a whispering campaign regarding the sanity of the New Deal leaders. Still the big majority in the house insisted on rejecting the Rayburn motion.

Then the house, by a vote of 183 to 172, adopted a resolution which virtually called for the exclusion of Ben Cohen, administration lobbyist from future conferences on the bill.

DEMOCRATIC congressmen started the week briskly determined to push through the President's "soak the rich" tax bill at this session. Opposing them with equal determination were a number of the hardest fighting Republicans who insist that consideration of taxation be postponed until next winter and that meantime the question be studied carefully in connection with the budget for the next

Senator Vandenberg

fiscal year. These Republicans are urgently calling for an early adjournment of congress. Senator Hastings of Delaware has introduced a resolution setting August 10 as the day for quitting and was trying to have it brought up for consideration before passage of the tax measure. Senator Vandenberg of Michigan, often mentioned as a Presidential possibility, also de-

manded postponement of the tax legislation until January, and he gave out a statement denouncing the administration's plan as a "sterile political gesture" which would raise "only a little extra pocket change" and declared that "we chatter of taxes in millions to offset known deficits in billions."

"The pending tax bill, as it is being developed," said Senator Vandenberg, "will not produce appreciable revenue for Uncle Sam. It will not pay the President's deficit even for the period while the bill is under consideration. As a contribution to the public credit, it is as grim a hoax as was ever perpetrated on the country. As a distributor of wealth it is a mere vagrant flirtation with this left wing idea."

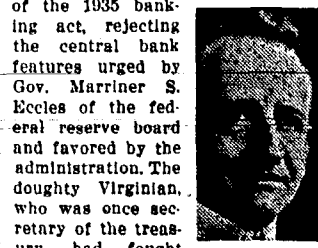

Nevertheless, it appeared probable that the tax measure would be enacted before adjournment, for the administration leaders had promised this to Senator La Follette and other "liberals," and besides that, they have no desire to pass a taxation bill in a Presidential election year. As produced by the house ways and means committee after great travail the measure embodies an 87 per cent confiscation of large fortunes and increased levies on the rich which would produce perhaps \$250,000,000 of additional annual revenue.

SENATE and house committees investigating the activities of lobbyists went their separate ways, neither thinking very well of what the other was doing. Senator Black's quiz occupied itself much with the doing of representatives of the Associated Gas and Electric corporation. An Executive order from the White House directed the secretary of the treasury to make available to the senate committee all incomes, excess profits, and capital stock tax returns to the extent necessary in the investigation with the so-called "holding company bill or any other matter or proposal affecting legislation." Simultaneously President Roosevelt approved a new treasury regulation authorizing the release of this information to the committee.

Representative Patton of Texas went before the house committee again and satisfactorily explained how he had been able to buy \$3,000 worth of bonds out of his savings. As to the cigar box he carried away from the hotel room of John W. Carpenter, president of the Texas Power and Light corporation, it contained nothing but cigars, Patton said.

"The fact is, you have been done a very great wrong," commented Representative E. E. Cox of Georgia.

SENATOR GLASS scored perhaps the greatest victory in his long public career when the senate, without a record vote, passed his draft of the 1935 banking act, rejecting the central bank features urged by Gov. Marriner S. Eccles of the federal reserve board and favored by the administration. The doughy Virginian, who was once secretary of the treasury, had fought desperately against the Eccles scheme and his triumph was decisive. There was no demand for a roll call on the final vote, for the fate met by the proposers of various amendments showed this procedure would be futile. Senator La Follette sought to strike out a provision permitting commercial banks to underwrite securities and his proposal was beaten, 80 to 22. Senator Gerald Nye of North Dakota, another radical Republican, offered the central bank plan of Rev. Charles E. Coughlin, radio priest, which would set up a government owned and wholly dominated system. It was voted down, 59 to 10.

Senator Glass

Other amendments were offered and debated rather listlessly, for the record, and then were withdrawn. Even Senator Duncan U. Fletcher of Florida, chairman of the banking and currency committee, who had sided rather with Eccles, declined to push his amendments designed to cripple Glass' plan.

The senate bill was sent to conference, for the house passed the measure drawn up on the advice of Eccles and Tugwell.

CONGRESS has passed and the President has signed a bill which assures promotion in the near future for about 5,000 army officers. It accelerates the advancement of commissioned officers below the grade of colonel and takes effect September 1.

PASSAGE of the bill to remove \$40,000,000 to Spanish war veterans' pensions was completed when the senate accepted the house measure, the only opposing vote being cast by Senator Hastings of Delaware. This nullifies the various adjustments made by the President for the purpose of economy to carry out the party pledge of a reduction of at least 25 per cent in the cost of administration of the federal government.

FREDERICK H. GILLET, who represented Massachusetts in the house for many years, for six years was speaker, and thereafter served as United States senator, died in Springfield, Mass., at the age of eighty-three. Able, dignified and unflinchingly courteous, Mr. Gillett was highly esteemed by his fellow congressmen, whatever their party affiliation. In his home town he was known as a politician who said little and did much.

JAPAN will probably have another cause for complaint against the United States. Secretary of the Navy Claude A. Swanson has announced that strongly fortified naval bases will be established in the Pacific ocean upon the expiration of the naval limitation treaties on January 1, 1937. He said he considered the creation of naval stepping stones in the Pacific an inevitable result of the treaties' expiration.

He revealed that the navy long has given consideration to Pacific fortification problems and that impetus had been given to the study since Japan's abrogation of the naval treaties.

The necessity for adequate bases in the Pacific was demonstrated forcibly last May during the annual fleet maneuvers off Hawaii and the Aleutian Islands. According to reports, the navy high command in a report of the lessons learned in the exercises strongly recommended an Aleutian Islands base.

The United States naval bases are few and far between as against those of Japan and Great Britain, which lie along the principal courses of English and Japanese traffic lines. The American bases are obsolete in comparison with those of other powers.

SOVIET Russia sustained a major naval loss when the submarine B-3 collided with a surface vessel during maneuvers of the Baltic fleet and sank immediately. Her entire crew of 55 officers, seamen and cadets perished. The sub, which was built near the close of Russia's participation in the World war, will be raised if possible.

GERMANY'S diplomatic note concerning the Communist attack on the liner Bremen in the port of New York took the form of a request that the offenders be punished but asked for no apology. Acting Secretary of State William Phillips, in his reply handed to the German charge d'affaires, Dr. Rudolf Leiten, told briefly the efforts of the New York police to guard the vessel and to subdue the mob, and pointed out that some of those who took part in the attack were arrested. The German note said the incident constituted an insult to Germany.

In his press conference President Roosevelt declined to comment on the affair. Asked about the protest of Jewish organizations against the German government's religious attitude, the President intimated that the administration's view was fully expressed by Mr. Phillips' reply in which he expressed sympathy for anyone who was denied religious liberty.

Representative Dickstein of New York told the house that no apology was due to Germany for the Bremen incident and that neither the federal nor the local authorities were to blame for it. He asserted the attack was made possible by "a selfish desire on the part of the skipper of the Bremen, who would not take police advice to halt visiting to the ship and lose the revenue of visitors."

Over in Germany the saner men in authority recognized that the Nazis were going too far and were probably headed for a fall if not restrained. Dr. Hjalmar Schacht, president of the Reichsbank and economic dictator of the reich, uttered a solemn warning to the anti-Jewish and anti-Catholic forces, declaring that the great task which the German people must fulfill to comply with the wishes of Hitler cannot be fulfilled unless "all disturbances are ended, be they in the intellectual or economic field."

FROM the Communist International in Moscow comes the word that the reds are planning a strike "of unprecedented scope" by seamen and dock workers on the Pacific coast of the United States, beginning in September. Sam Darcy of San Francisco, an American delegate, told about it. He repeated what had already been said by Earl Browder, general secretary of the Communist party in the United States, that Communists were responsible for the seamen's and dock workers' strikes on the American Pacific coast and the San Francisco general strike last year.

THEY'RE SAFE-IN AN ALL-STEEL BODY

-a feature of the big, rugged New-Value Dodge

THE first Dodge car ever built had an all-steel body. It wasn't chance . . . it wasn't "climbing on a bandwagon" that led Dodge to the safety of the all-steel body. It was progressive engineering, the urge to pioneer, to lead and not follow in vital, important automobile improvements.

These Dodge bodies have been tested and proved by owners for over 20 years, everywhere, in constant daily use. Dodge not only pioneered the all-steel body but has constantly perfected it over the years.

So, too, with hydraulic brakes. First introduced by Dodge many years ago, Dodge has constantly developed them. Today, Dodge gives you hydraulic brakes that are long past the experimental stage. For in Dodge you get perfected, dual-cylinder hydraulic brakes—safer, more dependable, more economical than other types.

Now Dodge pioneers again the "Air-glide Ride", in which you speed smoothly along with new comfort, skimming over bumps without a tremor or jar, taking the curves safely, without sideways. Another new contribution to motoring ease is "Synchronous Control", which makes driving unbelievably easy and effortless.

You'll recognize this Dodge as a prize beauty the minute you see it. But you must drive it to see how far ahead of others it is in power and speed, comfort and economy, safety and performance.

PROCEEDINGS**

Meeting held on the 5th day of August A. D. 1935, Grayling, Mich. Meeting called to order by Mayor C. W. Olsen.

Councilmen present: Olsen, Jensen, Schoonover, and Milnes. Absent: Sales.

The Mayor appointed Jensen, Milnes and Schoonover a committee to audit the Clerk's and Treasurer's books.

Report of the Committee appointed to audit the books of the Village Clerk and Village Treasurer from the period from March 15, 1935 to June 30, 1935:

Your Committee to whom was referred the matter of settlement and audit of the counts of the and audit of the accounts of the Village Clerk and Village Treasurer do herewith respectfully report that they have examined the said accounts and have compared the items entered in said accounts and found that the same do compare and that the entries of the Clerk and Treasurer are correct and accurately entered, and that we have cancelled the warrants drawn on the Treasurer by the Clerk and returned them to the Clerk. Further that we have compared the total balances on hand as shown by the Treasurer's report with the balances shown by the bank records and found that there was on hand on the 10th day of June, 1935 the sum of \$231.12. Further, we found that the accounts of the Clerk and Treasurer are accurately and carefully kept and we respectfully request that the report be accepted and adopted and that the committee be discharged from further consideration of the matter.

Bids

Bids per square will be received by me for the application of approximately 44 squares of Johns Manville rigid asbestos shingles No. 70, on South Side school building.

These shingles are to be laid over the existing wood shingles. All material will be furnished by the School Board except the necessary scaffolding.

Shingles must be applied as recommended by the Johns Manville Company.

No bids will be received later than Tuesday, Aug. 13 at 8:00 p. m. Eastern Standard Time.

We reserve the right to reject any and all bids.

**Ludington To Hold
Memorial Pageant**

Chris W. Olsen, mayor of Grayling, has been extended a special invitation to attend the pageant which will be given on each of the three nights of the observance. The historically accurate portrayal of the life of the great Jesuit is expected to bring 100,000 people to Ludington.

One of the outstanding features of the three day program will be reached Sunday morning, August 11, when a pontifical high mass will be sung in a natural amphitheater overlooking the site of Marquette's death. Bishop Joseph G. Pinton will officiate at the mass, while the sermon will be delivered by the Rev. W. M. Magee, S. J., President of Marquette University.

The pageant is being sponsored by a committee headed by Gov. Frank D. Fitzgerald and composed of Bishop Robert Nelson Spencer of the Protestant Episcopal Church; Father Magee; Dr. E. M. Clark of the Michigan Historical Commission; Dr. T. E. Oliver, University of Illinois; and Dr. W. H. Hinsdale, University of Michigan.

COMING

Dr. C. J. Hathaway, Optometrist of Pontiac, Mich., will be at the E. G. Clark residence, Grayling, Aug. 12-13-14 for optical work. This is in response to many requests from former patients to resume regular visits. Have your eyes examined and fitted by Dr. Hathaway. 8-1-2

SERA NOTES

The game between Beaver Creek and the Chiefs, Tuesday evening, was not played, leaving only two games on the evening's card.

The Rebels went down to defeat by the Lake team, 17-11. It was a very close game at first. Several bad errors by the Rebels brought on the defeat.

The "Northern Stars" gave Spikes team a good run for their money. The score at the end was 9-4 in favor of Spikes team. Last Thursday Spikes' team stopped the winning streak of Beaver Creek by the score of 6 to 1.

The Chiefs handed the Lake team their 4th defeat in this half. The Northern Stars trimmed the Rebels 22-0 in a very loose game. Most of the runs were made on errors committed by the Rebels.

League Standings		
Spikes	7	0 1,000

Camp Higgins

A new camp entrance archway designed by Allen Hughes is being constructed this week by Ben DeLaMater and his volunteer workers from barracks one.

Wallace L. Knott and James P. Goudie, both of Roscommon, were enrolled last week as local experienced men, which brings the company strength to 213.

Members of this company who are not swimmers and who wish to learn will have their opportunity now that such a class has been organized. The group will be taken to Higgins Lake and instruction given by Paul DeLisle and Ernest Brabant, who recently completed courses in life saving under Red Cross teachers.

Sixteen enrolled last week for a class in CCC administration which is being taught by the company officers.

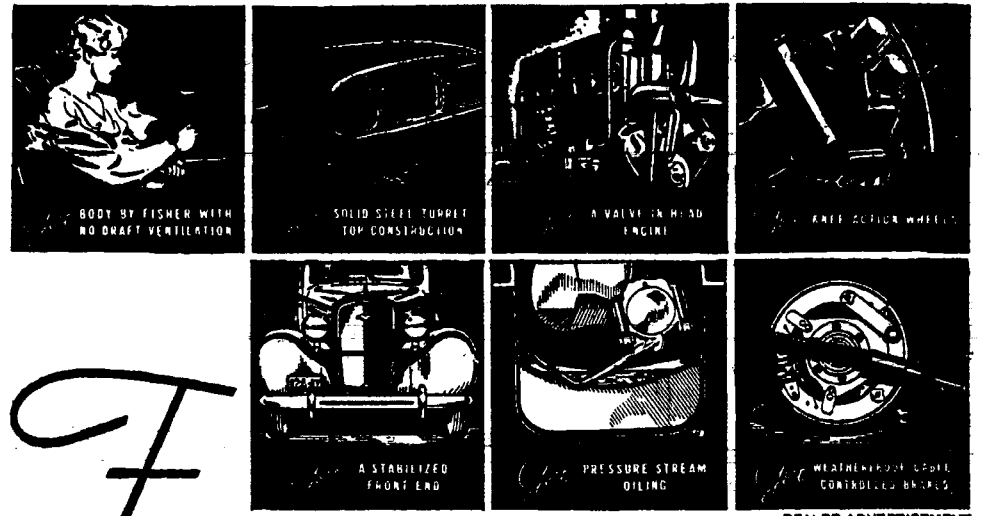

Harold Lassen and Aloyse Skipski returned to camp last week from the station hospital at Fort Wayne, Detroit. The former had a broken knee cap and the latter a compound fracture of the arm.

Lieut. M. C. Igloe is again on CCC duty as the medical officer at the Rapid River camp in the upper peninsula. He resigned here last spring as sub-district surgeon to attend John Hopkins university at Baltimore preparation to doing public health work for the state of Michigan. There will be some delay, it is anticipated, before he starts work for the state.

In compilation of the monthly educational report for this company, the distribution of school work completed by enrollees is shown as follows: fourth grade, 1; fifth grade, 1; sixth grade, 8; seventh grade, 15; eighth grade, 45; ninth grade, 39; tenth grade, 29; eleventh grade, 24; twelfth grade, 45; one year college, 1; two years college, 1; three years college, 1; four years college, 1. A tenth grade average can now be claimed for this organization, while latest figures for the sixth corps area show a 9.3 average.

Francis Cote, utilities man for the fourth forestry sub-district, was discharged last week to accept employment.

Chaplains of the Camp Custer CCC district are holding a two-day session here this week.

Save your home - Save interest - Save worry - Pay Your Taxes Now!

THIS month the eyes of America are on Michigan, and its drive for taxes. Involved in its success are the security and happiness of many homes, and the financial integrity of various units of government. Aided by a considerate legislature, the State of Michigan now asks its delinquent tax-payers to meet their important obligation without further delay.

For those who are prepared to pay in full, taxes for 1932 and prior years may be taken care of without any interest or penalties. This means a saving of **27% to 45%**—and even more.

For those who aren't able to pay taxes for 1932 and prior years in full, there has been provided a 10-year plan, with the same substantial savings, but with a small added carrying charge.

Those who owe 1933 and 1934 taxes, may also save all interest and penalty, by paying a 4% collection fee. (For these taxes there is no deferred payment plan.)

Regardless of how you plan to take care of the obligation the important thing is that you do so without further delay. The immediate cash saving is an important item for anyone; but no less important is the saving of worry, doubt, and bother.

Acting under the Law, the Auditor-General must soon offer most of the delinquent taxes at public sale. This difficult task will be considerably lightened if the individual property-owners take the situation promptly to heart and proceed to pay their taxes.

See your County Treasurer at once. Show him your tax bills; or at any rate, give him the legal description of your property.

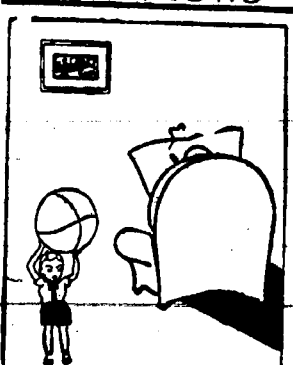

Then he will tell you the exact amount of your back taxes, and accept your payments. If you are not familiar with the details of the tax laws he will give you a descriptive folder that describes in simple terms just what you must do to save your home. See your County Treasurer at once.
